Industrial Visit

Industrial Visit: Learning Through Exploration

The Department of CSE organized a 2-day industrial visit on 18th and 19th April 2025 to Kanthalloor and Kochi, taking 120 students (from I to IV year) and 5 faculty members on an enriching learning journey.

The visit started with a tour of the Messa Marayoor Jaggery Industry. On 19th April, students attended the Cyber Security Technical Session at Spectrum Softtech Solutions Pvt. Ltd., Kochi.

The following day, the team visited places like the Sandalwood Forest, Honey Rock, Erachilpara Waterfalls, and the Strawberry Farm at Anakonda Para. A special highlight was the heritage visit to the ancient dolmens at Murugamalai, which were Neolithic burial monuments with great archaeological significance.

The trip was an interesting and engaging one, offering students meaningful experiential learning and unforgettable memories!
