Breaking News! Karur Shines at IDS 4.0 Finals!

Out of an incredible 395 teams from Karur and a massive 2,784 teams nationwide, Team Innovision Titans from Chettinad College of Engineering and Technology has made it to the finals of IDS 4.0! 🎉 We are the ONLY team from Karur to achieve this phenomenal milestone.

About IDS 4.0:

A national flagship initiative by Yi's Innovation Vertical, IDS 4.0 focused on tackling Climate Action in Urban India through innovative ideas and sustainable solutions. Spanning 3 phases (Imagine, Do, Share), this competition saw thousands of students innovating for a better future.

Team Innovision Titans' Project:

From Chettinad College of Engineering and Technology, their groundbreaking project, AI Integrated Smart Dustbins (Ecosense Smart Bins), revolutionizes waste management by automating segregation and promoting recycling. This initiative aligns with the UN Sustainable Development Goals, offering a cleaner, greener future.

Team Members:

- Madhan Raj M. (Team Lead) - IV CSE
- Giriraj L - IV CSE
- Karthikeyan M - IV CSE

Let's celebrate this proud moment and cheer them on as they represent Karur and Chettinad College of Engineering and Technology in the finals, showcasing their innovation and making a mark on the national stage! 🎉👏
