COLLEGE DAY AND PLACEMENT DAY

Inside the Issue

- COLLEGE DAY & PLACEMENT DAY
- DEPARTMENT ACTIVITIES
- QUALITY CIRCLE TIME
- PLACEMENT ACTIVITIES
- STUDENTS FEEDBACK

The Chettinad College of Engineering & Technology celebrated, College Day & Placement Day on 03.06.2022. Mr. Atlas M. Nachimuthu, Chairman, Karur Textile Park Pvt. Ltd., Chairman, Kongu Educational Trust, President, Karur Exporters Association, and Mr. R. Rajkumar, Alumnus of ChettinadTech, Assistant Vice President, Wells Fargo International Pvt. Ltd., were the Chief Guests of the occasion. Mr. Atlas M. Nachimuthu and Mr. R. Rajkumar, the chief guests insisted the students to develop employability skills for job opportunities and explore the scope of opportunities for the engineers. 96% of the final year students (183 students 334 offers), who got placed in various reputed firms through on campus and off campus recruitment drives received the placement offer letters from the chief guests and the principal.

Mr. Atlas M. Nachimuthu, addressing the gathering.

Glimpses of placed students

Ms. P. Mahaalakshmi B.E CSE received 8 offer letters.

The Electricals and Electronics Engineering students received their offer letters.

The Computer Science Engineering students received their offer letters.

Master of Business Administration students received their offer letters.

The Mechanical Engineering students received their offer letters.

The Civil Engineering students received their offer letters.

DEPARTMENT ACTIVITIES

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

The Department of Computer Science and Engineering organized association valedictory function on 15.06.2022. The Chief Guest, Mr.Yuvaraj Chandrasekaran, **Consultant - Technology, Capgemini Technology Services India Limited, Chennai** explained about current trends and opportunities in IT.

Mr.K.Bhavani Shankar receiving certificate from Mr.Yuvaraj Chandrasekaran.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION

The Department of Electronics and Communication Engineering has organized a guest lecture titled “**Design and Manufacturing in Automotive Audio Systems**” on 15.06.2022. The lecture was delivered by Mr.M.Mothish Kumar, Manager, Fluke Corporation, Bangalore. He described various testing stages of audio system in the automobile industry. He also explained about the product cycle that is necessary for automobile manufacturing.

Adzap, an activity was conducted for the III year students on 1.6.22. This activity showcased our students creativity and helped the students to bring new ideas to sell/advertise their products.

Students advertising their products.

The Department of ECE hosted a farewell party for the IV year students on June 22, 2022. The students shared their journey in ChettinadTech and with heavy heart they bid adieu to their juniors.

The final year students receiving momento from the faculty members.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

The Department of Electrical and Electronics Engineering organised a contest “**Electronica**” on 1st June, 2022. Many students displayed their PCB designs, which featured Network Jammer, Dual RPS, and Battery protects against overcharging and won prizes.

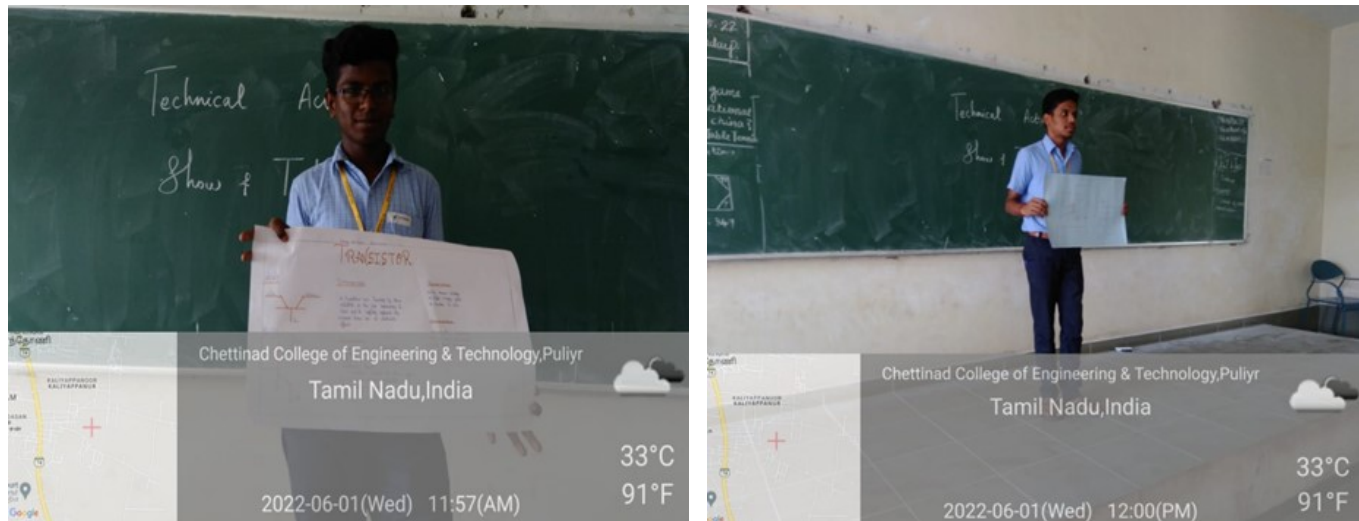

The Juries judging the PCB designs.

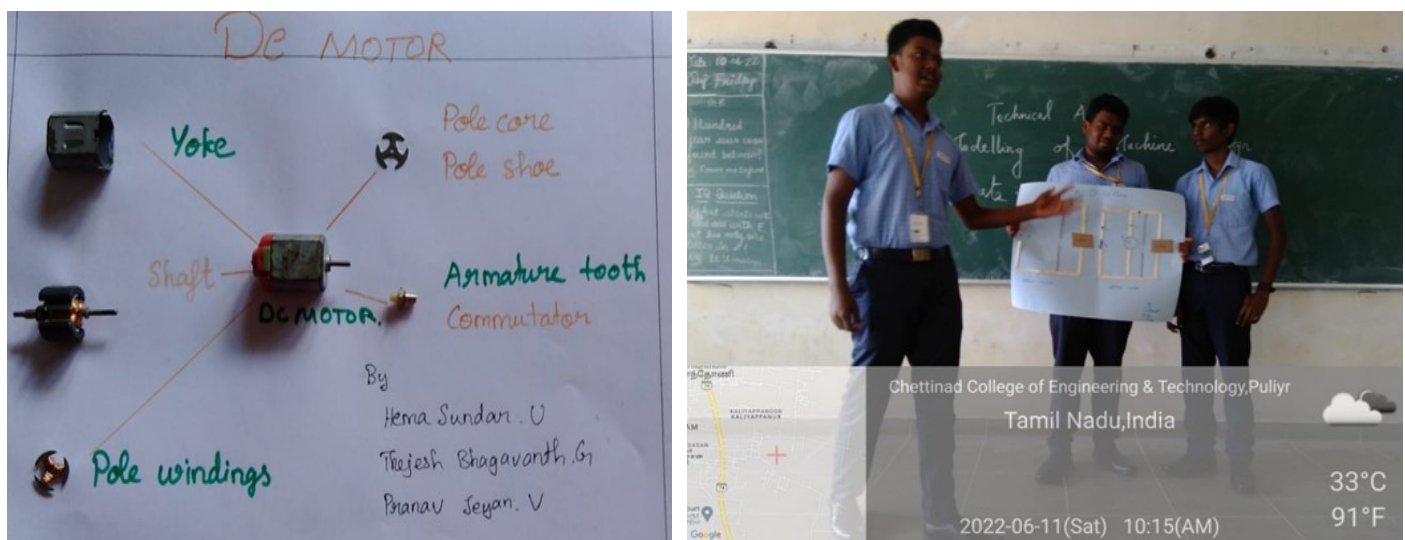

The Winning team receiving the prize from Admin. Officer Mr.B.Sathishkumar.

Show and Tell, an activity was conducted for the I year students on 1.6.22. The students learnt electrical circuits on machine constructions, operations, advantages and its disadvantages. This event enhances students' presentation skills and self-confidence.

Our students presenting their activity on Electrical Circuit Operations.

Modelling of Machine Design, a technical activity was organized for the I year students on 11.6.22. This activity helps the students to understand the principles of operation and the AC and DC machines, Logic circuit working, what type of materials are used to design stator and rotor and how to design the machines.

The I year students presenting the model of Machine design.

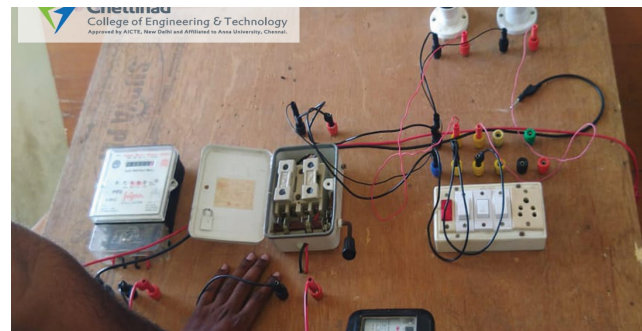

A Technical Study of Digital Storage Oscilloscope, a technical activity was conducted for the I year ECE students on 11.06.22. The students learnt the basic concepts of modulation index to generate different types of electrical waveforms over a wide range of frequencies.

Presentation on DC Machines, a technical activity was organised for the I year Mechanical engineering students on 1.06.22. This event helped the students to develop their presentation skills and self confidence.

A Technical Training Session for Chettinad Vidya Mandir (CBSE) school students was organized on 28th July 2022. The students were given practical training in wiring connections of switches, Plug sockets, and Tube lights, and how to correctly wire them. Safe practices are covered in detail, including the use of circuit testers & earthing.

The Energy Audit at the Government hospital in Aravakurichi was successfully conducted by our final-year students. The major goal of the energy audit is to gather and evaluate data, calculate the amount of energy consumption, and implement workable and accepted remedies. Evaluating energy consumption is the first step for engineers to take, when trying to reduce energy consumption. So, students measured the medical facility electrical equipment power rating and estimated how much energy was utilised by each equipment and submitted the audit report.

The EEE HoD Mr.N.Vijayasarithi submitting the Energy Audit conducted at Govt. Hospital, Aravakurichi.

DEPARTMENT OF MECHANICAL ENGINEERING

An activity titled **Creation of Solid Models** was organized for the I year students on 9.6.22. This activity enabled the students to understand Solid Modeling for the automation of several difficult engineering calculations in the designing process.

I year students presenting their models.

Isometric Projection Model, a technical activity was conducted for the I year students on 1.6.22. The students gained enough knowledge in basic principles behind isometric projection.

DEPARTMENT OF MANAGEMENT STUDIES

“News click with Unorganized Sector”, an activity was conducted on 17.06.22. This activity helped the budding managers to educate the contribution of unorganized enterprises on the GDP of the economy.

An OUT DOOR activity was organized for the I year MBA students on 16.6.22. This activity inculcate time management, communication and teamwork among the students.

The students actively participating in the outdoor activity.

QUALITY CIRCLE TIME

Quality Circle Time an independent and practical approach to help the learning community to understand teamwork, develop positive attitudes, create conducive learning environment and increased quality and productivity was conducted every fortnight. All the students enthusiastically extended their cooperation in the participation of Quality Circle time sessions.

STUDENTS TESTIMONIALS

Chettinad
 College of Engineering & Technology
Approved by AICTE-New Delhi and Affiliated to Anna University-Chennai.

JAMAL HARISH M
IV Year CSE ★★★★★

“Our college has experienced professionals who teach practically. The focus is more on acquiring the practical skills and knowledge for getting good job offers than just on exams and marks. We have free internet and unlimited library access. Through industrial trips and internships, we gain more practical knowledge, and our college offers good placement opportunities as well.”

Chettinadtech has all the necessary infrastructure like library, sports facility and best-qualified faculty members and it provides a good ambience. Professors are very helpful and cooperative, they teach us with the latest skills. Our college is so supportive in placements and helped us to get into jobs. I started my graduation in this college with huge dreams now I'm satisfied with my dream job and I started my career successfully.

“

Myself Raj Pranesh and my 4 year journey with Chettinad College has been a very meaningful part of my life. With my four years of stay here I would honestly say that, if you want to discover your potential, there is no better place than CCET. The management and professors here put their trust on the students and supported us to reach new heights. CCET has very positive attitude towards placement and trainings for students an essential need in today's era. I came out with a placement on hand which includes my dream.

“

It was a great experience to learn with Chettinadtech, which provides a great opportunity to learn lots of things. Our faculty members trained us astoundingly during physical classrooms and also in virtual classes. Lots of opportunities here and the best curriculum which supports students' talent for their overall development. I'm thankful to our placement and academic faculty members for their training classes for providing better interview opportunities which helped me in getting placed in my dream job.

FEEDBACK OF STUDENTS

Pick-up & Drop

This activity which helps us to manage the time, and also the development of team spirit.

These skills which helps us to ^{develop and grow} in organization and also motivates us to implement the individual interest of the management.

Thank you for conducting these type of activities.

K. KOWSALYA
I - MBA

"News Click with Unorganized Sector"

This activity helps to learn more about the unorganized sector people's who are facing the day-to-day problems and that how they are earning through the struggles and managing people. Each gathered information from them which motivates us to do a lot from the small business ideas that will reach to the high one.

Though, through this activity we came to know the entrepreneurial skills in reality.

Thanks for conducting these type of activities.

Thank you

K. KOWSALYA

Feedback

G. Sakthivel
21ME017

This session is very useful to us. We know how to make PPT presentation. We ^{learn} ~~know~~ so much of machines are how to work. Thanks to conduct the activity how for our management. It will help in our future and thanks to the coordinator for conduct the activity how.

Activity Feedback.

In this activity we learnt much more. And how to create ppt and and how to present ppt in this hour. We learn about Motors, Inductions motors, Transformers, etc are learn this hour. We learn to how to present ppt better than that.

We can grow as a leader only if we're willing to accept feedback.
- Jennifer Hyman
