### CHETTINADTECH ALUMNI ASSOCIATION – ALUMNI ACTIVITIES

1. **Function Name** : Alumni Interaction with Knowledge Sharing in Industrial Piping Design  
**Name of the Alumni** : MS. DEVIBALA PONNUSAMY  
**Date** : 15 Apr 23  
**Department** : Mechanical  
**Passed out** : 2017

The Department of Mechanical Engineering organised "Alumni Interaction with Knowledge Sharing in Industrial Piping Design" for the Mechanical Engineering students on April 15, 2023, by Ms. Devibala Ponnusamy, Piping Designer, Meptagon Group, Bengaluru. (**Alumna of ChettinadTech**) She shared her experience about Industrial Piping Design and its applications. She spoke about the design process involved in her company's design projects and applications. She also explained various types of components used for routing the pipe and how to use various software such as CAD Design, Structure Analysis in Piping, and Naviswork, which allows users to open and combine 3D models, navigate around them in real-time, and review the model using a set of tools including comments, redlining, viewpoints, and measurements for the design. At the end of the session, students became aware of the importance of detailing and the opportunities available in India and abroad, especially in Gulf countries. They came to know about different modelling software available on the market and their scope in their careers. At the end of the session, many of our students interacted with our alumni and clarified their doubts.

**Name of the Alumni** : MR. HARI M RAJKUMAR  
**Date** : 19 Apr 23  
**Department** : ECE  
**Passed out** : 2014

The Chitchat with Alumnus on “Career Opportunities In Communication Engineering” was conducted for II, III and IV year ECE Students on 19.04.2023. Mr.Hari M.Rajkumar, Senior Product Specialist-Tech, Cognizant Technology Solution Pvt Ltd, Coimbatore. (**Alumnus of ChettinadTech**) delivered a session on Career Opportunities in Communication Engineering. He shared his experience in the field of Communication Engineering. Finally, he suggested some Technical courses and some interview tips related to jobs in Core and IT-based companies to the students.

**Name of the Alumni** : MR. S. SETHUPATHY  
**Date** : 12 May 23  
**Department** : CSE  
**Passed out** : 2014

On May 12, 2023, ChettinadTech celebrated placement day in recognition of our students' hard work and dedication as they took their first steps into the professional world. This event marks an important milestone in the journey of our students and the college, and we are proud to announce that a large number of our students have secured high-paying job offers from most of the top companies in the industry. We were honored to have Mr. S. Sethupathy, an esteemed **Alumnus of ChettinadTech** and Senior Software Engineer at Crayon Data, Chennai, as our Chief Guests. Dr. (Mrs.) A. Punitha, Principal of CCET, presided over the event and highlighted our college's achievements for the past academic year. Our Chief Guests emphasized the importance of developing employability skills and discussed the vast opportunities available for engineers in today's scenario. Following their insightful words, our final-year students received their placement orders along with their parents.

**Date** : 13 Sep 23  
**Department** : EEE, CSE  
**Passed out** : 2015, 2020

Mr. R. Daniel Sunder Singh, a **ChettinadTech alumnus** and project leader at NatWest Group in Chennai, provided insights into his journey as an engineer post-graduation. He highlighted the promising prospects available in core engineering departments like Electrical and Electronics Engineering (EEE) and Mechanical Engineering (Mech).

Ms. K. Sruthi Shivani, also an **alumna of ChettinadTech** and currently a developer at Capgemini Technology Services in Chennai, shared her reflections on college life, particularly emphasizing the academic aspect. She also discussed the significance of developing leadership qualities, which play a pivotal role in securing job opportunities.

- 11. Function Name** : Workshop: 'Digital Design with Verilog HDL and Xilinx Vivado'  
**Name of the Alumni** : Mr. V. GOVINDARAJ  
**Date** : 16, 17<sup>th</sup> Mar 24  
**Department** : ECE  
**Passed out** : 2023

The Department of Electronics and Communication Engineering recently organised a workshop on Digital Design with Verilog HDL and XILINX VIVADO for III ECE students, conducted by our alumnus, **Mr. V. Govindaraj**. The sessions were designed to provide students with practical insights and hands-on experience in digital VLSI. The instructional approach adopted for the workshop prioritized activity-based learning, which empowers students to engage directly with the material, fostering a deeper understanding of the concepts. By actively participating in the sessions, students not only absorbed information more effectively but also honed their skills through practical application. The workshop covered a range of topics essential to digital design using Verilog HDL and VIVADO. These included understanding Verilog HDL, the chip fabrication process, various styles of modelling, and test bench architecture. By delving into these subjects, students gained a comprehensive overview of fundamental concepts crucial for success in the field of digital VLSI design. The knowledge and skills acquired during this workshop serve as a solid foundation for students as they continue their journey in electronics engineering. Such initiatives not only enhance academic learning but also prepare students for real-world challenges in their chosen field.
